I understand that the Secretariat will keep confidential this sensitive and personal information and will not pass it on to others who are not authorised according to the terms of this declaration.

I understand that there might be the need for the Secretariat to ask for results or/and documents or/and the need to discuss with other professionals such as Head of School, psychologists, psychiatrists, teachers etc and/or other competent organisations such as Psychological Services of the Education Directorate, CDAU, *Statementing Moderating Panel*, etc...

I am informed that at application stage I will be given the option to request to be notified if the Admission Office needs to contact the school of my son/daughter.

I understand that I can withhold some information or cancel my request – in which case the Secretariat has every right to stop processing my application.

This information will be held by the Secretariat till my son/daughter finish secondary school – unless I submit a written request duly signed by me so that this information is returned to me or destroyed.
