Those applicants of the criterion who are not offered places, the applicants of the following criteria of the same school and applicants of other schools who are not offered a place will take part in a common ballot. The common ballot will determine the choice of a St Francis school, places permitting.

Those who rank first will be offered the available places.

Those applicants who are not offered a place, the applicants of the following criteria and other applicants from other schools who have not been offered a place, will participate in a common ballot to determine the sequence of who will choose first, second, etc. from the other St Francis Schools.

To keep to the same number per class, separate ballots will be held for boys and girls.
