EXPRESSION ON INTEREST

PROVISION OF CONSTRUCTION OF ALTAR, 2 CHOIR PLATFORMS & DIAS

CONSTRUCTION ALTAR

CONSTRUCTION DIAS (1)

CONSTRUCTION DIAS (2)

CONSTRUCTION PLATFORM

During his visit to Malta, His Holiness the Pope will make use of a dias on the parvis of St Paul's Parish Church in Rabat on the 17th April in the evening, and an altar at the Granaries on the 18th April in the morning.

The Interdiocesan Committee will be commissioning three designs for these three structures and is asking for expressions of interest from persons and/or companies who would like to build them.

As soon as the designs are chosen, the Committee will send detailed plans and all specifications to all interested in the construction so as to arrive at a list of potential builders.

A fixed platform will be required for the 200-strong choir and the orchestra on the 16th April in the morning.

A simple platform is required for the choir which will lead the singing during the visit of the Pope to the Grotto of St Paul in Rabat on the 17th April in the evening.

Your expression should then include prices and time frames for the construction and the taking away of the diases and altar with its adjacent areas.

Deadlines have to be strictly adhered to.

You should also indicate whether you can take back all or any of the material used and adjust your prices accordingly.

The Interdiocesan Committee cannot be held responsible for any damages or losses to the structures or to equipment being used in the construction process.

The supplier will be required to take out full insurance cover, as and when needed.

Sponsorships are much appreciated and will be acknowledged in a very appropriate way.

The above does not constitute any binding commitment on the part of the Archdiocese of Malta.
